Performance Notes

PERFORMANCE SUMMARY:

Everyone is okay. We started today's show at 7:35pm as house management requested to hold the house for five minutes due to our full house! We had a very lively audience for the first 30 minutes of tonight's run. At 8:02pm, [REDACTED] addressed to management that she was feeling faint, and moments after she passed out on Stage Right right before her entrance. A hold was called on the entire show by PSM Mandi for the safety of the cast and crew. Campus Police and Campus EMS arrived on the scene and assisted with the situation as Management made sure the rest of the cast was configured in the scenic shop before Heather Benton and Mandi collectively decided it was best to call the show for the night. [REDACTED] understudy is not available for the remainder of the shows nor

tonight. Actors were alerted and dismissed as the plans for a put in rehearsal tomorrow at 10:00am were made, just in case [REDACTED] is not feeling well enough to perform in tomorrow's 2:00pm show. Select crew will be called for this since only the understudy will be in mics and costumes. [REDACTED] was feeling better and did not feel the need to go to the hospital and was driven home by [REDACTED]. Management made sure to check in with everyone in the cast and crew, and everyone is okay and doing well at this time.
